**Disclaimer**

**As an EDSA Technician my goal is to educate you. I believe in a holistic approach to education. Body, mind, and spirit are all areas of concern to the Technician . In educating you my goal is to empower you to make informed decisions concerning your health. Areas that are identified with EDSA testing are a frequency resonance, not a diagnosis. I am not a medical doctor. I do not diagnose, treat or cure disease.**

**It is our recommendation that you consult a Medical Doctor for concerns about medical conditions. We also recommend that you consult a Medical Doctor regularly for a physical. EDSA testing does not replace going to a medical doctor for your health concerns.**
